## If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice, recognized, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their results, as bronchitis, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hays, of the Univ. of Pa.; Prof. Finley, of the Univ. of Pa.; Prof. Bennett, of the Univ. of Pa.; Prof. King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Felt, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

## STOCK RAISING IN THE SOUTH.

"The South as a Profitable Field for Stock Raising" is the theme of the April issue of the Southern Field, the official organ of the land and industrial departments of the Southern Railway, the Mobile and Ohio, the Georgia Southern and Florida, the Alabama Great South-  
ern, and the Cincinnati New Orleans and Texas Pacific Railroads. Advance proofs which have just come from the press indicate that this issue, thousands of copies of which will be placed in the hands of desirable settlers now living in the north and west, will preach a great sermon on the opportunities for profit in the stock business in the south. The leading article tells of the great awakening of interest in this industry in the south and the opening of a mammoth packing house in Atlanta is pointed out as an indication that the movement for the south to raise its food at home is now well under way. By well written articles fully illustrated tell northern or western farmer is assured that by coming south he can procure cheaper land with a climate giving practically twice as much time for work in the year and still pursue the kind of agricultural industry to which he is accustomed instead of having no alternative but to raise cotton.

Wiregrass Georgia and the section along the line of the Augusta Southern Railroad come in for a considerable share of attention but no section of the south is neglected and though the raising of live stock is given chief attention all branches of southern agriculture and industry are touched upon.

This magazine, which is published under the direction of Land and Industrial Agent M. V. Richards, is a great booster for the south and all readers are assured that any one interested in the south will be given the fullest information on application to the department's headquarters, in Washington, where facts and figures concerning any section of the south are to be had at a moment's notice and a permanent exposition of the south's resources is maintained open to the investigation of any one.

Liquid Cream Balm is sold by all druggists for 75 cents, including postage tube. Mailed by Ely Bros., 56 Warren Street, New York.

## ROOSEVELT IN ROYALTY.

Inquiry in diplomatic circles, apropos of the Roman incident, reveals the fact that a number of the courts of Europe are experiencing various phases of serious embarrassment as a result of the declaration of Emperor William that he will receive Mr. Roosevelt with royal honors. Of course, no other nation cares to do less for the distinguished ex-president than Germany, and yet it is asserted that there is absolutely no precedent for such action in some of the stricter courts and that they are appalled at the idea of establishing a new precedent and according such honors to a purely private citizen. This is notably the case in the extremely conservative court of Vienna, and the colleagues of Baron Hengelmüller are enjoying a good deal of quiet fun at the expense of that diplomat, who has returned to his country to receive "the colonel." Nor has Mr. Roosevelt helped this situation, for he has taken occasion more than once to announce that he is travelling merely as a private citizen, so that it is difficult to assume the position that as an ex-president he occupies a peculiar status closely akin to that of royalty. The representatives of foreign powers in Washington are being constantly consulted, but they are unable to throw much light on the situation of a nature helpful to their governments.

## AN ENDURANCE RUN.

The Richmond Times-Dispatch on May 5, 6 and 7 will hold an endurance run known as the Virginia. Some twenty-five or thirty cars will be entered in the contest. The object of this road contest is to help on the good roads movement. The distance of each day's run will be so arranged that the speed laws will not be broken. Probably one hundred people will be in the party. The route will probably be from Richmond to Washington by way of Fredericksburg; Washington to Charlottesville by way of Fairfax, Manassas, Culpeper, Orange and Gordonsville, and from Charlottesville to Richmond by way of Louisa and Ashland. The run will consume three days.

## OPPOSITION TO ASSOCIATED CHARITIES.

A wave of opposition to the Associated Charities of Washington broke out yesterday, apparently provoked by the organization of a movement to take the

control of relief in the city away from that society and place it in charge of the Commissioners of the District of Columbia.

A belief is expressed that money would be saved and the work facilitated by the centralizing relief work at the District building.

"Had I known Wednesday night, when I denounced the Associated Charities before the Old Settlers Association that nearly 60 per cent of the disbursements of the organization are for the salaries of the officers, I would have said my indictment much stronger," said John B. McCarthy yesterday.

"I think the annual report of the organization bears out every statement I made. Out of its total disbursement for the year ended September 30, 1909, which were \$17,963.31, fully \$10,863.87 was expended for salaries and services of employees.

"As a matter of fact, the Associated Charities does not do relief work directly, but merely points out the way to relief for those who apply to it. Do you think its money bags would bulge if the public knew its money was not going to the poor at all, but was largely going to maintain a corps of high-salaried officers?"

## WOMEN IN RIOTS.

Police reserves were called out on the East Side in New York yesterday to quell riots resulting from the attempt of Koshier meat sellers to resume business in face of a boycott declared by housewives.

Armed with bottles of kerosene, women stood guard outside the shops, and those who dared them and made their purchases were seized as they came out and their meat drenched with the oil.

One woman protested, and in five minutes the street was filled with a fighting mob. When the reserves arrived they were attacked by the irate housewives, who wielded market baskets, bottles, and hats. By the time the street was cleared there was a patrol wagon full of shrieking prisoners.

Other fights followed, until the butchers, deciding they were outnumbered, closed their shops.
